

Workshop: Confocal microscopy at the IBP

3.3.2017

Program

9:30 – 9:45 Basic system introduction (R. Fedr)

9:45 – 10:15 STED – super resolution (M. Kopecký)

Break – refreshment

10:30 – 11:00 Application of confocal microscopy methods in Laboratory of cellular biophysics (E. Bártová)

11:00 – 11:15 Advanced confocal measurement on Leica TCS SP8 FRET-FLIM (R. Fedr)

13:00 – 15:00 **Practical session**
Laboratory of cellular biophysics
